## Thank You

by Chris Earley

**If you receive this newsletter in your mailbox that means you are part of our Extended Family.**

As we approach Thanksgiving, we want to say thank you for being a part of our Extended Family and supporting this business. We are grateful for whatever part you may have played over the years since this business was started back in 2005 in a tiny room in Charlestown.

Whether it be trusting us with your case, or trusting us with a referral you sent over, we always take your trust extremely seriously and never take it for granted. It is good people like you that allow us to do the work that we care about and believe in, which is fighting the good fight for the injured against insurance companies. Happy Thanksgiving. ■

## EARLEY OFFICE BUZZ

**Let's give a warm welcome to Gio who has joined our New Client Specialist Department, as well as Jose, who has joined our Legal Assistant Department.**

Very humbled to announce I was chosen to be the Co-Vice Chair of the Solo/Small Firm Law Practice Management Section Council for the Massachusetts Bar Association for the 2023-2024 term.

I am happy to announce I have started an attorney coaching business called The Earley Edge. I will be coaching personal injury business owners on how to grow their law firms. This is a passion of mine and I am very excited about this new venture.

Whatever you are doing, just keep going because I swear opportunities happen so don't give up. ■

Welcome to Jose, who has joined our Legal Assistant Department

## RORY'S RECIPES: Kid-Friendly Charcuterie!

*It's November, so there's lots of football games and play dates happening! I love a cheese board of any kind and if I'm entertaining with my kids, I love doing a twist on the elevated idea of a charcuterie board! Cheese, crackers, veggies and dip with a side of goldfish and gummy worms to win the hearts of the under 10 set, while giving them the energy to run around the backyard for 7 hours while the adults enjoy the good stuff.*

*Enjoy!*

Just do you, but keep it fun!

## You had a work accident. What are you supposed to do now?

You are injured. Maybe you can't even go to work. You are receiving medical treatment. Are medical bills piling up? You may be stressed about the situation. What are you supposed to do now? The next steps you take are going to be crucial. Workers' compensation in Massachusetts is a compromise between workers and employers. This legal framework is found at M.G.L. c.152. When workers in Massachusetts get hurt at work, they are entitled to have their medical bills paid. They are also entitled to be paid for their lost wages. Such compensation is paid even without a showing of fault on the employee. In exchange, workers cannot sue their employers for negligence in court.

## CASES OF INTEREST

We are currently representing a client who passed away at a job site due to serious safety violations that were ignored. We are pursuing a full and fair cup of justice for the decedent's family in the wake of this tragic event.

We recently settled a case for the maximum insurance policy for a client who was involved in a head-on collision. Our client sustained very serious injuries and the at-fault driver was found to be intoxicated at the time of the crash.

We recently settled a case for our client who slipped and fell on ice near the entrance to a big box store. She was seriously injured and we fought with the store's insurance company to pay our client full and fair compensation. ■

## BOOKS I AM READING

### *Psycho-Cybernetics.*

This book is really good and centers on the power of thinking about, and focusing intently on, what you are trying to accomplish. The book dives deep into the idea that the more you believe something will happen, the more likely it will happen. Positive visualization is so important. The book has been recommended to me by many people, and I recommend it to you. ■
